The nutritional information provided in the "Nutrition Guide" and otherwise on the Popeyes® website or in its restaurants is comprised from data provided by an independent testing company commissioned by Popeyes (Silliker, Inc.) and our suppliers, and is current as of January of 2007. The data is based on standard product formulations and portion sizes, which can vary due to sampling differences, seasonal differences, ingredient substitutions, supplier variations, slight differences in product assembly on a restaurant-by-restaurant basis, and other factors.

All standard domestic Popeyes menu items are listed in the "Nutrition Guide." Some products may not be available at all restaurants. Products currently being tested and other limited time offerings and other regional menu alternatives may not be listed. Servings sizes may also vary slightly.

We encourage anyone with food sensitivities; allergies or other special dietary needs or concerns to consult with your local physician or dietitian prior to eating at any Popeyes restaurant.

Please periodically review the "Nutrition Guide" and our Popeyes website as information may be updated.
